Dear Peter

I always enjoy coming to your Tuesday class with Harry. Harry and I arrived at your door a complete 'two-left feet' shambles and now dance down the street together in chirpy unison.

Unfortunately, I must put my attendance on hold for the foreseeable future due to work-related commitments.

I have recommended your training school to several people in Flamstead, especially as you treat the owners like human-beings and always have a smile and a joke for us struggling dog-devotees dreaming of the perfect "sit-wait".

Kind regards

Louise Cole
